Summary of reasons for decision:

The computer image file comprises a series of images taken from a video recording, indicated by the time code that appears on each image. The file depicts a young teenage girl being engaged in sexual activity by an adult man. The image file promotes and supports the exploitation of children or young persons for sexual purposes in terms of s3(2)(a) of the Films, Videos, and Publications Classification Act 1993 (FVPC Act), and is therefore deemed to be objectionable. While the classification interferes with the right to freedom of expression as per the New Zealand Bill of Rights Act 1990, it is consistent with Parliament's intention that publications falling under s3(2)(a) of the FVPC Act are deemed objectionable.
